

# VARMINTS, VERMIN, & VULTURES, OH MY!

DOROTHY AIN'T IN KANSAS ANYMORE. SHE'S IN A MAGICAL WORLD WHERE MONKEYS FLY AND BOWS TURN INTO PELLET GUNS. A LAND WHERE STRING AND COMPRESSED AIR PRESSURE COMBINE TO CREATE UNBELIEVABLE VELOCITY. THIS IS WHERE AIROW GUNS AND BOWS COME TOGETHER FOR SPEEDS UP TO 675 FEET PER SECOND OF VELOCITY

(AND THAT'S A LOT FASTER THAN THOSE UGLY WINGED MONKEYS).

THE AIROW GUN CONVERTS YOUR BOW TO THE MOST UNIQUE PELLET GUN IN THE HAUNTED FOREST. IT'S PERFECT FOR YEAR ROUND PLINKING. TAKE IT ON SCOUTING TRIPS OR WHILE HIKING UP YOUR OWN YELLOW BRICK ROAD. IT'S GREAT FOR KILLING TIME OR WACKIN' ANY VARMINT THAT HAPPENS ACROSS YOUR PATH. SURE... THERE MAY BE NO PLACE LIKE HOME, BUT NOW IT'S TIME TO PUT AWAY THE QUIVER AND ENTER A WHOLE NEW DIMENSION OF OUTDOOR SPORT FUN. THE AIROW GUN - WHERE PELLET GUN MEETS ARCHERY. SO LOAD UP... AND BLOW IT OUT YOUR BOW!
