available in 2013 at the
Doinker online shop.

These logos are present
near specific items to
indicate the technology that
is in use or the technology
that can be used to
personalize your favorite
Doinker stabilizers.

Doinkers

ALSO AVAILABLE IN BLACK

DOINKER SUPREME

The Doinker Supreme is the most advanced Doinker ever produced due to it's ability that allows the archer to fully adjust the Flex/Tension of the Doinker and be able to convert the Doinker to use other Doinker technologies such as the Doinker D.I.S.H. and the GEN 5 Doinker for endless combinations of dampening and weight placement.

For Tuning Instructions visit our forum at:
www.Doinker.com/forum then go to
"Tuning & Modifying Doinker Stabs"

DS1 1 1/8" Doinker Supreme, 5/16-24 (F) x 1/4-20(M), 1.2oz

DK34-1 3/4" Dinky Doinker 1/4-20 M/F Thread, 0.5oz

B1-2 1" A-Bomb Doinker 5/16-24 thread M/F 1.7oz

B34-2 3/4" A-Bomb Doinker 1/4-20 thread M/F 1.2oz

Quadra-Flex Stabilizers

QF25 25" Quadra-Flex Stabilizer, 8.0oz

QF30 30" Quadra-Flex Stabilizer, 8.3oz

QF35 35" Quadra-Flex Stabilizer, 8.9oz

QF40 40" Quadra-Flex Stabilizer, 9.9oz

QUADRA-FLEX STABILIZERS

The Quadra-flex is the next step in Multi-rod Technology and is perfect for the compound or re-curve archer that wants an ultra light stabilizer with a very soft feeling shot. It utilizes Smoke tinted Lexan connections in which incorporate our ITP Sleeves.

The ITP sleeves completely surround and hold the four rods in place under the connected pressure. With the combination of these ITP Sleeves placed at every connecting Lexan point, the Q.F.'s fully adjustable 1-1/8" Doinker Supreme with aluminum Universal weights at the end, allows this stabilizer to be the softest shooting, feeling, stabilizer we offer for the Olympic Recurve or Compound archer.

QFV8 8" Quadra-Flex V-Bar set, 10.4oz

QFV10 10" Quadra-Flex V-Bar set, 10.8oz

QFV12 12" Quadra-Flex V-Bar set, 11.2oz

Elite Doinker Supreme Stabilizers

ALSO AVAILABLE IN BLACK

EDS18 18.5" Carbon Stabilizer, 9.4oz

EDS28 28.5" Carbon Stabilizer, 10.1oz

EDS31 31.5" Carbon Stabilizer, 10.3oz

EDS34 34.5" Carbon Stabilizer, 10.5oz

ELITE DOINKER SUPREME

The carbon Elite has been the stabilizer of choice from top compound Pro archers around the world for many years. This is due to all it's design features that not only help you hold steady on a windy day, but also take out vibration at the shot. The Carbon Elite features a .640 Thousandths of an inch Carbon Grid Rod. A built in Suppression mount at the base of the stabilizer which has a weight rod suspended internally by our ITP material. The ITP material at opposing ends, helps to eliminate vibration, and features a fully adjustable 1-1/8" Doinker Supreme with Universal Stack Weights. The benefit of the Doinker supreme is, it allows you to tune the flex of the Doinker in order to get that perfect feel.

EDSB15 15" Elite Sidebar, 4oz

EDSB12 12" Elite Sidebar, 3.8oz

EDSB10 10" Elite Sidebar, 3.6oz

Fatty Carbon Series

FDS22 22 3/4" Fatty Doinker Supreme Carbon Stabilizer, 5.9oz

FDS27 27" Fatty Doinker Supreme Carbon Stabilizer, 6.4oz

FDS30 30" Fatty Doinker Supreme Carbon Stabilizer, 6.8oz

FDS33 33 1/2" Fatty Doinker Supreme Carbon Stabilizer, 7.2oz

ELITE FATTY DOINKER SUPREME STABILIZERS

EFDS27 27" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.3oz

EFDS31 31 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.4oz

EFDS34 34 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.7oz

EFDS37 37 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 11.5oz

FATTY DOINKER SUPREME STABILIZERS

The fatty has taken the world by storm and is a favorite amongst Compound archers world wide due to it's price and ability to hold a large amount of flex in it's super stiff .870 thousands of an inch outside diameter carbon grid rod. The fatty uses machined aluminum inserts on opposing ends to help keep wind drag to a limited amount and has a fully adjustable 1-1/8" Doinker Supreme at the distal with Aluminum Universal weights.

FDSB10 10 1/4" Fatty Doinker Carbon V-Bar, 4.2oz

FDSB12 12 1/4" Fatty Doinker Carbon V-Bar, 4.6oz

FDSB15 15 1/4" Fatty Doinker Carbon V-Bar, 4.9oz

ALSO AVAILABLE IN BLACK

Avancee Stabilizers

ADS18 18" Avancee Carbon Stabilizer, 4.3oz

ADS24 24" Avancee Carbon Stabilizer, 4.7oz

ADS27 27" Avancee Carbon Stabilizer, 5.0oz

ADS30 30" Avancee Carbon Stabilizer, 5.2oz

ADS34 34" Avancee Carbon Stabilizer, 5.5oz

AVANCEE STABILIZERS

The Avancee is the perfect choice for recurve shooters of all levels due to it's ultra light design and low wind drag geometry. It uses a very light, stiff Carbon Grid rod with an Outside Diameter of .640 Thousands of an Inch. It also includes a fully adjustable 7/8" Doinker Supreme and D.A.W.G. weights at the Distal end. The Avancee also features a Doinker Thumb Spur hole at the base of the stabilizer that allows you to tighten the stabilizer firmly to the bow.(Thumb Spur sold seperately)

ALSO AVAILABLE IN BLACK

DSV8 8" Doinker Supreme V-bar set, 5.7oz

DSV10 10" Doinker Supreme V-bar set, 6.0oz

DSV12 12" Doinker Supreme V-bar set, 6.4oz

Alumi-Komp Stabilizers

KID-O STABILIZERS

The Kido Stabilizers are perfect for young children that want a stabilizer that looks just like mom and dad's freestyle stabilizers due to it's light weight aluminum design and classy Doinker look. It features an aluminum rod with internal components and a Dinky Doinker with aluminum weight.

(For bows under 25# pull)

KD15 15" Kid-O Stabilizer, 2.5oz

KD7 7" Kid-O Stabilizer, 2.0oz

SA25 25" Alumi-Komp Stabilizer, 7.1 oz

SA30 30" Alumi-Komp Stabilizer, 7.5 oz

SAV8 8" Alumi-Komp V-Bar set, 9.9 oz

SAV10 10" Alumi-Komp V-Bar set, 10.4 oz

ALUMI-KOMP STABILIZER

The Alumi-Komp is a good introduction to the Doinker free style stabilizer. It is cost efficient and has many features that include an all Aluminum rod with machined inserts to better keep wind drag at bay. It also has a removable, fully adjustable, 1-1/8" Doinker Supreme with a double stack Aluminum Universal weight.

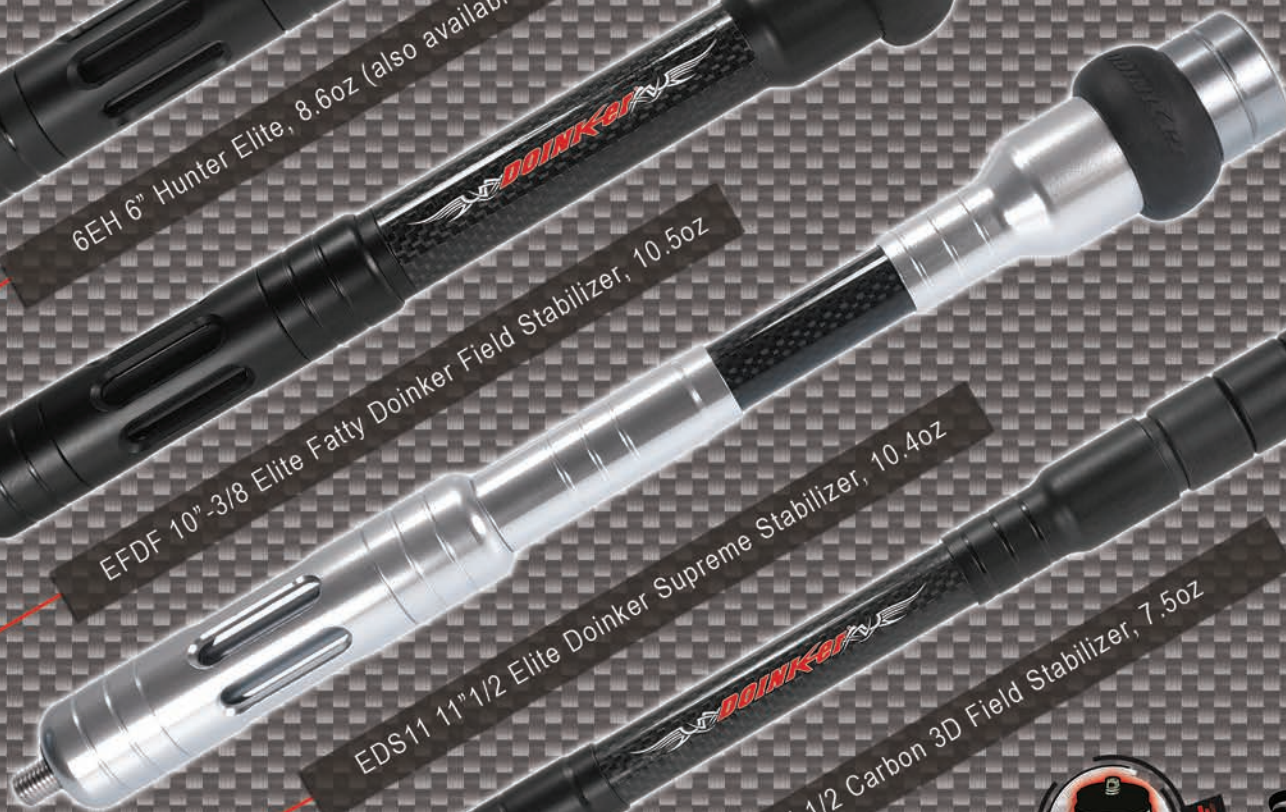

Doinker Field Stabilizers

6EH 6" Hunter Elite, 8.6oz (also available in silver)

EFDF 10" 3/8 Elite Fatty Doinker Field Stabilizer, 10.5oz

EDS11 11" 1/2 Elite Doinker Supreme Stabilizer, 10.4oz

CF10 10" 1/2 Carbon 3D Field Stabilizer, 7.5oz

DOINKER FIELD STABILIZERS

These Field stabilizers feature some of the same great designs and colors that are on our most popular long freestyle stabilizers in a shorter Bow hunter size. Some of these stabilizers just got better with the combination of the 1 1/8" Doinker Supreme and all New GEN 5 Doinker. This gives you a softer feel upon the shot.

D.I.S.H. Hunting Stabilizers

D.I.S.H. MINI HUNTER

The Mini D.I.S.H. Hunter is a combination of some of our most popular designs and is a perfect choice for any Bow Hunter that wants the ability to off set the weight of their bow mounted quiver, sight, and rest by just positioning the three hole Mini Hub to the opposing side of the bow. It is available in four great colors that include Flat Black, Next G-1, Next Vista and Lost Camo.

DDMH 6" Doinker DISH Mini Hunter, 8.5oz

DDH10 10" Doinker DISH Hunter, 9.9oz

DDH8 8" Doinker DISH Hunter, 9.6oz

D.I.S.H. HUNTER

The Doinker D.I.S.H. family has become a very popular stabilizer recently due to the many benefits in it's design, not only in it's ability to off set weight distribution, but also it's dampening features of the Flexible weight hub and the internal Doinker it is suspended from. It is now available for the hunters that are after something a little more light in weight with it's Small six hole weight design and lighter internal Doinker. It is also available in three very universal camo patterns that are displayed below.

Hunting Stabilizers

CHUBBY HUNTER

The Chubby line of stabilizers are perfect for the Bow Hunter that is looking for Vibration Dampening via the combination of the Doinker Supreme and the Gen 5 Doinker with Stability in compact size. These stabilizers are available in a wide range of colors which include Flat Black, Next G-1, Next Vista and Lost Camo.

CS3 3"- 1/4 CHUBBY HUNTER SUPREME, 5.2 oz

CS5 4"- 3/4 CHUBBY HUNTER SUPREME, 6.3 oz

CS7 6"- 5/8 CHUBBY HUNTER SUPREME, 6.6 oz

MH7 7"- 3/8 MULTI-ROD HUNTER, 7.5 OZ

MH10 10"- 3/8 MULTI-ROD HUNTER, 7.8 OZ

MULTI-ROD HUNTER

The Multi-Rod Hunter has been a favorite in the hands of Bow Hunters worldwide due to it's light weight, four carbon rods, and strong composite body putting the majority of the weight at the end of the stabilizer via the Doinker Supreme and Gen 5 Doinker which helps to eliminate vibration.

Tactical Stabilizer

TACTICAL STABILIZER

The Doinker Tactical Stabilizer is a versatile tool for any Compound Archer and highly adaptable to the variable situations you may find yourself in whether it is hunting in the field or target shooting at the range. The Doinker Tactical Stabilizer is a side mounted stabilizer designed to offset the weight of your quiver, sight, and arrowrest. It offers an endless range of configurations and allows the potential for enhancement and customization with your favorite Doinker Technologies.

PHM33 33" Doinker Platinum Hi-Mod Stabilizer, 13.4oz

PLATINUM HI-MOD STABILIZERS

The Platinum Hi-MOD is our most advanced tournament stabilizer system to date. It is the choice of Top Pro-Archers world wide due to it's Ultra-Stiff High Modulus Carbon rods ability to not only transfer the residual energy left over from the shot efficiently to the end of the stabilizer but it also holds 15+ ounces of weight with little flex in the carbon rod. At the distal end the energy is absorbed by the minimal flex of the weights via it's removable, fully adjustable, 1-1/8" Doinker Supreme. All of this while keeping wind drag down to a minimum with it's .750 thousands of an inch outside diameter carbon rod. Other features that put the Platinum Hi-Mod in a class of its own include: a complete set of the low profile, one ounce increment stainless steel 421 Weights, a Doinker thumb spur hole at the base of the stabilizer to help assist in a solid connection to the bow/mount and the Doinker thumb Spur tool. (Thumb Spur tool included on front stabilizers only)

PHMSB10 10" Doinker Plainum Hi-Mod Side Bar, 10.6oz

PHMSB12 12" Doinker Plainum Hi-Mod Side Bar, 10.9oz

PHMSB15 15" Doinker Plainum Hi-Mod Side Bar, 11.5oz

Estremo Platinum Hi-Mod

DOINKER ESTREMO PLATINUM HI-MOD STABILIZERS

The Estremo stabilizer is the next advancement in freestyle stabilizer technology. It boasts a Ultra strong carbon that is found in Doinker's Standard Platinum Hi-Mod stabilizer, we just decreased the surface area in return reducing potential wind drag without sacrificing superior strength that a Tubular High Modulus Carbon has. The Estremo also incorporates the Fully Adjustable Removable 7/8 inch Doinker Supreme and Doinkers 421 Mini weight system. The modular combination of weights and Doinker allows the archer to place weights before and after the Doinker for a true custom feel and weight distribution. The Estremo is the strongest stabilizer of it's size and weight, combine that with its small surface area and range of adjustment....it's no wonder the Doinker Estremo has quickly become the stabilizer of choice for top archers globally.

EHMSB10 10" Estremo Platinum Hi-Mod Sidebar, 10.4oz (1 Bar)

EHMSB12 12" Estremo Platinum Hi-Mod Sidebar, 10.6oz (1 Bar)

Doinker Unity Packages

THE DOINKER UNITY PACKAGE

The Doinker Unity Package takes the proven design features of a Freestyle Target set up and combines them with the compact functionality of a Bowhunters set up. Utilizing the longer front stabilizer design with an adjustable counter balance side bar that gives maximum resistance to rotation/movement when on target. The Doinker Unity Package Hybrid design offers a Tremendous amount of Vibration dampening via the Doinker Supreme/GEN 5 Doinker combination, while giving the archer maximum stability do to it's longer length design and adjustable Doinker 421 weights system at the distal end. Add all these features along with some of Doinkers most popular accessories such as the Doinker QDC and Doinker AOSM, it makes it one of the most adjustable Hunting Stabilizer systems in the World. The Doinker Unity's are only sold in packages/sets, Small,
